OBJECTIVE

I am a Software Developer with a pinch of interest in community building. I enjoy creating new initiatives to encourage people to participate in a community, as well as curate specific events for community members to build trust with each other so that they can share their skills and experiences. I seek challenging opportunities where I can grow and to have mentorship to be the best version of myself, as a person and as an employee

EXPERIENCE

Founding Engineer Alt Investments	Jan 2025 - Present <i>Hyderabad, IN</i>
---	--

- Built the entire frontend from scratch using Next.js, Tailwind CSS, and TypeScript, setting up the architecture and design system for long-term scalability.
- Translated business ideas into functional UI, working directly with the founder to ship the MVP and multiple iterations under tight timelines.
- Integrated Framer Motion, Lenis, and custom WebGL shaders to deliver smooth, high-performance UI with advanced animation and scroll effects.
- Owned the full web stack on the frontend side—handling Supabase integration, deployment on Cloudflare Pages, and internal admin tooling. potential disruptions

Project Manager Inarca	June 2023 - Dec 2024 <i>Hyderabad, IN</i>
----------------------------------	--

- Monitoring the progress of the project and managing deadlines accordingly
- Managing project budget and resources efficiently
- Identifying, analyzing, and mitigating risks to minimize potential disruptions

Freelance Web Developer Self	March 2024 - Present <i>remote</i>
--	---------------------------------------

- Building Engaging websites for clients, with higher SEO rating and 30% conversion rates
- accommodating the best of service in sense of Quality, Trust and reliability.
- Redesign: updating a existing website for a better User experience and user retention.

Community Event Manager StackUp	Jan 2023 – July 2023 <i>Remote</i>
---	---------------------------------------

- Drove a **20% increase in community engagement** through a strategic mix of technical events, casual hangouts, and community-led initiatives.
- Conceptualized and led **CSSisAWesome**, a design-focused event series that boosted frontend interaction and participation by 20%.
- Hosted regular **gaming events and virtual hangouts**, strengthening user retention and community bonding beyond tech discussions.
